OH! EXTRA VIRGIN OLIVE OIL

BY THE GREEN GOLD OLIVE OIL COMPANY

Extra virgin olive oil of **high quality early harvest**, the olives are harvested from November to January. This is an olive oil obtained **directly from olives** and solely by mechanical means. By centrifugation of the crushed olive thus olive juice is obtained. It is an **extra virgin** olive oil **Picual**, fruity and spicy with slight bitterness.

T A S T I N G N O T E S

It presents a medium fruity of fresh olives, fig leaf and tomato. In the mouth it has a **great aromatic intensity**, almond predominating leaves, with a very nice feeling at the end.

Fresh taste, where you can perfectly appreciate the bitter and spicy notes so characteristic of the picual variety grown in a traditional olive grove of Jaén.
